

CURRICULUM VITAE

Prof. Paolo Angeli

Personal Information

Born: January 26 1954 – Roana – Vicenza, Italy

Office address: Dept. of Medicine (DIMED), University of Padova, Via Giustiniani 2, cap. 35128, Padova, Italy

Current academic position

(October 2015-present) Full Professor of Internal Medicine - Dept. of Medicine (DIMED), University of Padova, Italy

(June 2020-present) Scientific Director of the University-Teaching Hospital of Padova (Italy)

Current clinical position

(October 2015-present) Chief of the Unit of Internal Medicine and Hepatology - Dept. of Medicine, University and Teaching Hospital of Padova (Italy)

Education

High School (Scientific Liceum) Degree in 1973

University of Padova Graduation in Medicine and Surgery in 1980

University of Padova Specialist Board of Gastroenterology and Gastrointestinal Endoscopy in 1984

University of Padova Specialist Board of Internal Medicine in 1989

University of Milan PhD Degree in Medical Pathophysiology in 1994

Previous Academic and Clinical Positions

- Voluntary Assistant Professor (1980-1990)
- Fellowship at the Liver Unit of Hospital Clinic y Provincial, Universitat de Barcelona, Spain (1992-1994)
- Associate Professor of Internal Medicine (December 2002-present) at the University of Padova (Italy)
- Chief of the Unit of Hepatic Emergencies and Liver Transplantation of the Department of Medicine, DIMED (January 2011-October 2015) at the Teaching Hospital of Padova (Italy)
- Chief of the Unit of Internal Medicine and Hepatology of the Department of Medicine, DIMED (October 2015-present) at the Teaching Hospital of Padova (Italy)
- Coordinator of the Laboratory Committee of the Department of Clinical and Experimental Medicine of University of Padova from 2005 to 2011.

- Member of the Committee for Foreign Office of the University of Padova from 2008 to 2011.
- Judged to be suitable for the role of Full Professor in Internal Medicine in 2013
- Judged to be suitable for the role of Full Professor in Gastroenterology in 2013
- Coordinator of the PhD Course of Medical and Experimental Sciences of University of Padua 2016-2022;
- Full professor of Internal Medicine (May 2015-present) at the University of Padova (Italy)

Main Fields of scientific Interest

- **Gastroenterology and Hepatology:** acute liver failure (ALF), treatment of viral hepatitis, non alcoholic fatty liver disease (NAFLD), management of main complications of cirrhosis (acute kidney injury, hepatorenal syndrome, variceal bleeding, hepatic encephalopathy, bacterial infections), acute on chronic liver failure (ACLF), diagnosis and treatment of hepatocellular carcinoma (HCC)
- **Transplant Medicine:** in particular the definition of priority in the waiting list and complications of liver transplantation
- **Experimental and molecular Hepatology:** in particular development and study of experimental model of decompensated liver cirrhosis and/or portal hypertension, development of new biomarkers of fibrosis and HCC

Grant Support for Research from:

- University of Padova
- Veneto Region
- Italian Ministry of University and of Scientific Research and Technology (MURST)
- Italian Ministry of University and Research (MIUR)
- National Research Council (CNR)
- European Commission (Horizon 2020)

Scientific Responsibilities

- Secretary of the International Club of Ascites (IAC) (2010-2018)
- Chairman of the European Association for the Study of the Liver Consortium for the Study of Chronic Liver Failure (EASL-CLIF Consortium) (April 2018-present)
- Scientific Director of the Laboratory of Experimental Hepatology of the Dept. of Medicine (DIMED), University of Padova, Italy
- Participation as coordinator or PI to about 20 clinical trials conductive in GCP (participations to about 25 clinical trials of phase 2, 3 and 4 to investigate on treatment of viral hepatitis, the diagnostic criteria, classification, pathophysiology and treatment of acute on chronic liver failure, treatment of the clinical complications of cirrhosis portal and liver transplantation, treatment of hepatocellular carcinoma)
- Scientific Coordinator and/or Principal Investigator of several Italian research projects.
- Head of a research group at the University-Teaching Hospital of Padova (Italy) working on projects in the fields of acute liver failure, viral hepatitis, NAFLD, cirrhosis, ACLF, on liver transplantation and on an experimental model of decompensated cirrhosis.

Joint Research with National and International Centres

- EASL-CLIF Consortium for several projects investigating the diagnostic criteria, classification, pathophysiology and treatment of acute on chronic liver failure.
- Prof. J. Rodes, Prof. V. Arroyo, Liver Unit of Hospital Clinic y Provincial, Universitat de Barcelona, Spain. Project on the treatment of recidivant and refractory ascites in patients with cirrhosis.
- Prof. W. Jimenez, Prof. V. Arroyo, Hormonal Laboratory and Liver Unit of Hospital Clinic y Provincial, Universitat de Barcelona, Spain. Project on the role of nitric oxide in the pathophysiology of portal hypertension in rats with cirrhosis.
- Prof. J. McGiff, Depat. of Medical College, N.Y.: Italia-US project on renal and hepatic P450-hetes of arachidonic acid: clinical and pathophysiologic significance in liver disease
- Prof. R. De Franchis, Internal Medicine, University of Milan: study on endoscopic aspects and clinical features of portal hypertension-related gastropathy in patients with cirrhosis.
- IAC, a network of medical and gastroenterological worldwide centres performing studies on hyponatremia and bacterial infections in patients with cirrhosis.
- National Group for the study, network of medical and gastroenterological Italian centres performing studies on the treatment of hepatorenal syndrome:
- National Group for the management of medical complications after liver transplantation.
- Triveneto Group, a regional network of medical and gastroenterological centres in the Triveneto area performing studies on the treatment of hepatorenal syndrome and on treatment of nosocomial bacterial infections in patients with cirrhosis.

Teaching activity

- School of Medicine, University of Padua: Medical Pathophysiology, Clinical Methodology, Internal Medicine, Medical and Surgical Emergencies
- Postgraduate Schools, University of Padua: Internal Medicine and Hepatology
- PhD Course in Clinical and Experimental Clinical Sciences, University of Padova: Clinical and Experimental Hepatology
- Head of post-graduate Medical School of Medicine and Palliative Care University of Padua
- Head of Advanced Training Course on Clinical Research University of Padova

Scientific activities

- Author of more than 320 original full text Articles of indexed international journals: Cell, Lancet, Lancet Oncology, Journal of Hepatology, Gastroenterology, Gut, Hepatology, Lancet Gastroenterology and Hepatology, Journal of Clinical Investigation, Journal of the American Society of Nephrology, Archives of Internal Medicine, Digestive Disease and Sciences, American Heart Journal, Nephron, British Journal of Clinical Pharmacology, Clinical Pharmacology and Therapeutics, Journal of Clinical Endocrinology and Metabolism, European Journal of Clinical Investigation, Digestion, American Journal of Clinical Nutrition.
- His global Impact factor is > 4000 and his global HI is currently 93, according to Google Scholar
- Member of various scientific Societies as follows; EASL, American Association for the Study of Liver Disease (AASLD), Asian Pacific Association for the Study of the Liver (APASL), Italian Association for the Study of Liver Disease (AISF)
- Appointed member of the Acute on Chronic Liver Failure Special Interest Group Steering Committee of AASLD in 2012.

- Organizer on behalf of EASL, AASLD, AISF, and ICA of many National and International Meetings related to topics in Hepatology

Editorial work

- Editor in Chief of the Journal of Hepatology (1st July 2019-present)
- Associate Editor for Journal of Hepatology (2010-2018)
- Associate Editor Journal of Clinical and Experimental Hepatology (2016-present)
- Reviewer for NEJM, Hepatology, Gut, Gastroenterology, American Journal of Gastroenterology.

Awards

- In July 2013 he was awarded the AISF Honorary Diploma of Transplant Hepatologist
- In February 2014 he received the AISF award for the best international publication in Hepatology
- In June 2016 he was appointed honorary member of the Slovak Society of Hepatology.
- In 2020 he was appointed by Italian Ministry of University and Research as a member of experts for drafting the National Research Plan (PNR) for 2021-2027
- In December 2021 CHES International Distinguished Mentor Award at CHES Annual Meeting (Shanghai, China)

State of the Art lectures

- In February 2013 State of the Art lecture on "Renal failure in cirrhosis: a changing paradigm" for the 47th AISF Annual Meeting, Rome (Italy)
- In June 2016 State of the Art Lecture: "AKI in cirrhosis - present and future" at the 8th Symposium on Portal Hypertension of the Slovak Societies of Hepatology and Nephrology (Slovakia)
- In November 2018 State of Art lecture on "Management of bacterial infections in patients with liver cirrhosis" at the of Conference of Hepatogastroenterology and Infectious diseases, Cairo (Egypt)
- In January 2019 State of the Art Lecture on "Acute on chronic liver failure at 15° Workshop "Hot Topics" in Hepatology, Modena (Italy)
- In December 2019 State of the Art lecture on "Management of bacterial infections in cirrhosis. at the 2019 Shanghai International Conference of Liver Diseases. December 7th-8th, 2019, Shanghai (China)
- In February 2020, State of the Art lecture on "Advances in the definition, classification and management of HRS" at the School of Medicine, Yale University, New Haven (US).
- In November 2020 State of the Art Lecture on "Uso de albúmina en pacientes con cirrhosis descompensada. Conceptos nuevos. Curso transcongreso de posgrado en hepatología. Mexico
- In December 2020 State of the Art Lecture ("Dr. D. Datta Memorial Oration") on "News in the management of ascites in patients with cirrhosis. 27th Annual Scientific Meeting of the Indian Association for the Study of Liver. 2nd-4th December 2020

- In May 2021 State of the Art lecture on “News achievement and unmet needs in portal hypertension. China-Europe Forum on Hepatology: Portal Hypertension. Beijing (China)
- In June 2021 State of the Art Lecture on “The development of treatment of ascites in patients with cirrhosis” Egyptian Association for Research and Training in Hepato-Gastroenterology (EARTH)
- In November 2021 State of the Art Lecture on Management of Ascites. BSG Annual Meeting
- In March 2022 State of the Art Lecture on “Acute kidney injury and hepatorenal syndrome” APASL 2022 Seoul
- In April 2022 State of the Art Lecture on “ACLF: Current definition, mechanisms and management” University of Rosario, Argentina School of Medicine
- In May 2022 State of the Art Lecture on “Change of paradigm in the treatment of decompensated cirrhotic patients: long-term use of albumina” Symposium Grifols en el 47º Congreso Annual de la Asociación Española para el Estudio del Hígado (AEEH), Madrid
- In September 2022 State of the Art lecture “Bacterial infections in patients with cirrhosis” APASL STC 2022 Wuhan (China)
- In November 2022 State of the Art Management of Acute-on-Chronic Liver Failure. The identification and management of AKI. AASLD: Liver Congress Washington

Invitations as speaker and/or chairman

- 290 invitations as speaker and/or chairman at international meetings
- 335 invitations as speaker and/or chairman at national meetings

According to law 679/2016 of the Regulation of the European Parliament of 27th April 2016, I hereby express my consent to process and use my data provided in this CV

Padova, 20/01/2024
